anforth, Porter, Sulzer, Ridgway and Stanchfield Are Urged by Many.

ND OF THE PEOPLE MADE UP.

ie Sentiment is Unanimous That the New Man Must Stand Unequivocally on Both the Chicago and Buffalo Platforms.

Members of the Democratic State Committee, chairmen of Democratic county committees, and other prominent Democrats throughout the State were asked yesterday what they thought of the Democratic situation in the State, now that John Boyd Thacher has withdrawn from the gubernatorial race, and also who would be his probable successor on the ticket. To these queries the following replies have been received:

Sheehan Reserves Comment.

Editor New York Journal: I do not care to talk about Thacher's withdrawing until I see what the State Committee will do.

JOHN C. SHEEHAN, Leader of Tammany and Member of State Committee.

Porter Picked for It.

Editor New York Journal: It is a good thing that Thacher has withdrawn, and it was just what he should have done. I think it is very probable that Mr. Porter will be put in his place, and that some good, strong German may be named for the Lieutenant-Governorship.

LAWRENCE DELMOUR, Member of State Committee.

No Other Mistake Expected.

Editor New York Journal: The withdrawal of Thacher is perfectly in accord with my wishes and my views. How could he have done anything else but withdraw? I am sure that if I had been in his place I should have thought it the only possible thing to be done. The good of the party imperatively demanded that action on his part.

As to who his successor on the ticket will be I have no idea. While it may be Porter, I do not by any means consider it as a matter of course that he will be advanced. Several good names have been mentioned for the position, and I am sure that no second mistake will be made.

DANIEL P. McMASTON, Member State Committee.

May Go to a Dark Horse.

Editor New York Journal: After Senator Hill's statement, following the last meeting of the State Committee, I considered it inevitable that Thacher would resign, unless he should decide to unsaddle completely from the position that he had assumed. I therefore take his withdrawal practically as a matter of course, and as the best thing to be done.

As to who will succeed him, of course, I can offer no opinion. It may be Danforth, or Porter may be advanced, or some one may get the nomination who has not been prominently mentioned for the place. I have heard that there is some talk of putting a leading German in second place if Porter should be advanced, and it seems to me to be not a bad idea.

WILLIAM SOMMER, Member State Committee.

Only Consistent Course.

Editor New York Journal: I am glad that Thacher is off the ticket. His withdrawal was the only course left open to him with consistency. I don't know who will be named in his place.

CHARLES F. MURPHY, Member State Committee.

German for Second Place.

Editor New York Journal: Thacher's action in withdrawing does not surprise me in the least. It was the only thing that he could do. The surprise would have been had he remained on the ticket. It was really impossible for him to remain under the circumstances. For the good of himself, as well as of the party, his action was imperatively called for.

I have formed no idea as to who his successor may be. I think there are some good things about the suggestion to advance Porter and put an influential German in the second place. I really do not know, however, what particular German is thought of.

THOMAS T. DUNN, Member State Committee.

Erie Democracy Jubilant.

Editor New York Journal: The Democracy of Erie County are jubilant over the result at Albany on Saturday. Mr. Thacher's action is commended generally, as it is very plain that he acted in the interest of party success.

JAMES SMITH, Member State Committee.

State Can Be Carried Now.

Editor New York Journal: The withdrawal of Mr. Thacher precludes the possibility of the Democrats carrying New York, both for Bryan and Sewall and for the State ticket, headed by a silver leader.

The State Committee should select a man for the Governorship who is in most complete accord with the people upon all the great questions, State as well as national, that are up for settlement in this campaign; a man who is able to organize and lead the Democrats upon every one of the many foreign issues that may be framed against the

Republicans. We still fortunately have many such men in the ranks of the New York Democracy.

I have no idea at this time who will be the candidate, but believe that Elliott Danforth, Wilbur F. Porter, Frank Rice or any other man of their kind and caliber can win this State for Bryan and Sewall as easily as the mistake and disgrace easily attendant upon the election of Platt's man Black.

C. N. BULGER, Member State Committee.

Hinkley Sees Gloom Ahead.

Editor New York Journal: Poughkeepsie, Sept. 27.

The Democratic situation in the State of New York is very bad and is growing worse. I do not see any chance for the electoral or State ticket, which must be father to the thought of the silverite who thinks otherwise.

I anticipated Mr. Thacher's declaration. I saw Senator Hill when he passed through this city on his return from New York after the meeting of the State Committee. I advised Senator Hill not to allow himself to be placed in a false position any longer with regard to the campaign in this State, and to advise Mr. Thacher to do the same. I was much amused that Senator Hill attended or bothered with the meeting of the State Committee, and told him so, although I was pleased with the trouncing he administered to the pretenders.

As to who will be nominated in place of Mr. Thacher, I can give no definite information. At Buffalo the delegation from this county would not listen to the thought of nominating Ridgway, and Tammany Hall would not tolerate Sulzer under any circumstances. Stanchfield would not allow his name to be mentioned, neither would Frederick Cook, hence the only candidate in sight was Mr. Thacher, and the Democratic party as represented at Buffalo was exceedingly fortunate in having so respectable a man willing to allow his name to be used under the circumstances.

The idea that Senator Hill derided his nomination is sheer nonsense. Senator Hill wondered at Mr. Thacher's willingness to stand in the gap in this connection. I am reminded of the remark of the man who viewed the remains of a bilgeon after a bucking contest with a locomotive: "Billy, I admire your pluck, but damn your judgment."

J. W. HINKLEY, Ex-chairman State Democratic Committee.

Titus Says It Was Manly.

Editor New York Journal: Albany, Sept. 27.

I believe that Mr. Thacher has taken a manly and patriotic course. He was in excellent spirits when he left his room yesterday morning. I am not in politics and cannot discuss the situation.

ROBERT C. TITUS, Candidate for Judge of the Court of Appeals.

People Are in the Saddle.

Editor New York Journal: Tonawanda, Sept. 27.

Mr. Thacher's position justifies the high opinion which all Democrats had of him. He has shown himself on all occasions to be unselfish, patriotic and loyal to his party. The air will be cleared after these slight disturbances and we will be able to see better. We are not at all discouraged, but are impatient to begin the fight.

There is no question that the national ticket is gaining strength in this State. The laboring men and farmers have been quietly but rapidly joining hands, and another month will work wonders. The people are in the saddle and they have upon a sure and which is in full sympathy with the great national movement. They are right. It looks as if Porter were the logical candidate.

JOHN MURRAY, Member State Committee.

Amos J. Cummings Favored.

Editor New York Journal: Binghamton, Sept. 27.

The situation is greatly relieved by the retirement of Thacher. The chances of Democratic success in November are not made less by the recent experience of our party. All Democrats as well as all Republicans who dislike the methods of Platt and Hanna in this district regard Amos J. Cummings an ideal candidate for Governor.

JAMES C. THUMAN, Member State Committee.

Outlook Greatly Improved.

Editor New York Journal: Watertown, Sept. 27.

The declaration of Thacher has improved the outlook in this section wonderfully. If he had remained on the ticket we could not have held our party vote for him, and the free silver Republicans in this locality would probably have deserted us entirely. We ought to be able, with a strong State ticket, to carry the State, and I believe the State Committee will nominate a candidate for Governor around whom we all can rally. There must be no mistake this time, however, and whoever is nominated must be in full accord with the Chicago and Buffalo platforms.

J. N. CARLINER, Member State Committee.

Porter in Accord with Bryan.

Editor New York Journal: Kingston, Sept. 27.

I do not know what probability there is of Mr. Porter being chosen by the State Committee to take Mr. Thacher's place. I have no doubt, however, that if nominated he will support the national ticket and platform in full.

JAMES A. BEPES, Member State Committee.

Atmosphere Now Clear.

Editor New York Journal: Ballston, Sept. 27.

The Democratic atmosphere is now clear. Thacher's position on the Chicago platform would have driven thousands of Democrats away from him. Whatever might have been said about his position during the Buffalo Convention, and since, his declaration was manly.

I have never known such earnestness on the part of the people in behalf of a cause as is manifested in this campaign. The great mass of the Democratic party, together with hundreds of Republicans, are for Bryan and Sewall and the Chicago platform, and will be for a free silver candidate for Governor.

GEORGE L. LEWIS, Member State Committee.

Organized Labor for Sulzer.

Editor New York Journal: Newburg, Sept. 27.

The sentiment of organized labor here is very strong in favor of William Sulzer for Governor, and that of three Bryan and Sewall clubs that I have helped to organize here is likewise.

D. J. YOUNG, Steuben County for Danforth.

Editor New York Journal: Hornellsville, Sept. 27.

Thacher's first statement of his position intensified the feeling here in favor of Bryan and Sewall, and his withdrawal will, in my opinion, result in a larger vote for the national candidates.

Mr. Thacher's withdrawal is received here with unbounded satisfaction, and although the withdrawal of any candidate so late in the campaign must usually be viewed as a misfortune to the party, yet if the State

Committee shall be wise in its selection I see no reason why Democrats should despair of victory if the campaign is vigorously pushed from this moment.

The county convention of Steuben yesterday requested me to support Elliot F. Danforth for the nomination.

CHARLES A. DOLSON, Member State Committee.

Strong Silver Man Wanted.

Editor New York Journal: Norwich, Sept. 27.

In my opinion the sentiment in Chenango County is very strongly in favor of the State Committee placing in nomination for Governor a pronounced silver man, whose views are well known and who will stand firmly on the Buffalo and Chicago platforms without any qualifications or conditions. Our county convention has declared unreservedly for Bryan and Sewall and the Chicago platform.

WILLIAM H. SULLIVAN, Chairman Chenango County Democratic Committee.

Loyalty to Bryan Essential.

Editor New York Journal: Malone, Sept. 27.

The Franklin County Democratic Convention has passed resolutions friendly to Stanchfield for Governor on condition that he is for silver. A strong advocate of the national ticket and platform must be selected. The county is also very friendly to Wilbur F. Porter for first place. We will support any man who supports the national ticket and platform.

CHARLES A. BURKE, Chairman Franklin County Democratic Committee.

Must Be in Line with Bryan.

Editor New York Journal: Danville, Sept. 27.

The withdrawal of Thacher meets with the approval of Democrats in this county. We are in favor of fighting out the money question on its merits without complications. Thacher's successor must be in line with the national ticket and platform.

B. G. POSS, Chairman Livingston County Democratic Committee.

Madison Leans to Gaynor.

Editor New York Journal: Oneida, Sept. 27.

Without indulging too much in visionary imaginings we are permitted to hope that the embarrasments which we have had to encounter have been all for the best. The great cause for which we now contend will ultimately succeed if free government is not to perish from the earth. With a candidate possessing the qualifications so much in harmony with the present situation as are possessed by Justice William J. Gaynor, I believe we could carry the State.

P. J. KENNEDY, Chairman Madison County Democratic Committee.

Niagara County for Sulzer.

Editor New York Journal: Lockport, Sept. 27.

The Democratic situation in this State will greatly improve by the withdrawal of Thacher. It has been the opinion of many Democrats in Niagara County that his nomination at Buffalo was not wise to some respects. More particularly on account of his gold tendencies was this true. If Sulzer were chosen by the State Committee to fill the vacancy, it would give the greatest satisfaction to all Democrats in this vicinity, as they are impressed by his loyalty to Bryan and Sewall and the Chicago and Buffalo platforms. His nomination would create an enthusiasm among all friends of our standard bearers, and his election would seem certain. I am, therefore, inclined to think that Congressman Sulzer will be the candidate for Governor.

CHARLES M. SOUTHWORTH, Chairman Niagara County Democratic Committee.

Situation Not Discouraging.

Editor New York Journal: Buffalo, Sept. 27.

I think the Democratic situation in New York State not discouraging. After the great rally at New York on the 23rd, I look for the campaign to open in earnest, and I see a fighting chance to win. I have no idea who will be chosen as Mr. Thacher's successor on the ticket. I am certain, however, that he will be an out and out silver man.

S. D. ROBERTSON, Chairman Orange County Democratic Committee.

Winning Fight Can Be Made.

Editor New York Journal: Oswego, Sept. 27.

There is nothing in the situation to dishearten Democrats. The State Committee should select a man who will stand fairly and squarely on both the Chicago and Buffalo platforms without quibbling or equivocation. Such a man can make a winning fight.

A. SALLADIN, JR., Chairman Oswego County Democratic Committee.

Sulzer Is Otsego's Favorite.

Editor New York Journal: Cooperstown, Sept. 27.

The delegates to Buffalo from this county, and I think the Democrats generally, would be well satisfied with Mr. Sulzer in place of Thacher.

GEORGE VAN HORN, Chairman Otsego County Democratic Committee.

Silver Made the Issue.

Editor New York Journal: Schenectady, Sept. 27.

Mr. Thacher did right in declining the nomination, as he is not in accord with the Chicago platform. This leaves the issue between silver and gold. As Schenectady is a silver county we favor the nomination of a straight out silver man. Our first choice is Wilbur F. Porter for Governor. We believe there can be no doubt about his election.

THOMAS W. WALLACE, Chairman Schenectady County Democratic Committee.

Sulzer or Porter Would Do.

Editor New York Journal: Watkins Depot, Sept. 27.

The Democrats of Schuyler County were not pleased with the position taken by Mr. Thacher after his nomination. We are of the opinion that the nomination of an out-and-out free silver candidate will poll more votes in this county as there is a strong silver sentiment in our agricultural districts. The nomination of Wilbur F. Porter or William Sulzer would be satisfactory to us.

J. F. BARNES, Chairman Schuyler County Democratic Committee.

No Harm Has Been Done.

Editor New York Journal: Watertown, Sept. 27.

I do not think that the Thacher incident has in any manner weakened the chances for Democratic success in this State. I firmly believe that any good, straight, reliable Democrat like Stanchfield or Danforth can carry the State.

C. L. BROCKEL, Chairman Seneca County Democratic Committee.

Must Be True to Silver.

Editor New York Journal: Bath, Sept. 27.

Any candidate who will endorse the nomination of Bryan and Sewall and the Chicago and Buffalo platforms will receive the loyal support of Democrats in this vicinity. There is a strong undercurrent among our farmers

that with Bryan's election we shall see better times and the vote in this county will be a great surprise to the Republicans.

JAMES B. KINGSLLEY, Chairman Steuben County Democratic Committee.

New Life for the Party.

Editor New York Journal: Gouverneur, Sept. 27.

The Democrats of St. Lawrence and Franklin Counties are pleased to learn of Mr. Thacher's declaration, and the party will take on new life. Wilbur F. Porter is my choice for Governor.

THOMAS J. WHITNEY, Member State Committee.

Joy Over the Withdrawal.

Editor New York Journal: Oneida, Sept. 27.

The feeling throughout this county was strong against Thacher, and the news of his withdrawal was enthusiastically received. I think this feeling exists generally throughout this part of the State and that the situation is much improved. I suppose Porter will be advanced to first place. None but a silver man will be acceptable in the western part of the State.

THOMAS TROY, Chairman Cattaraugus County Democratic Committee.

Good Results Looked For.

Editor New York Journal: Buffalo, Sept. 27.

Mr. Thacher's action in declining to remain as the candidate of his party under the circumstances is looked upon in this county as wise and patriotic. The State Committee that meets in New York on Monday will name a candidate for Governor who will be in absolute sympathy with the candidates and platform of the Democratic National Convention. Such action will be approved by all loyal Democrats in this State, and will tend to unite the party to such an extent that it is more than probable that the State will be carried by the Democracy.

JOHN KENNEDY, Member State Committee.

Long Island Favors Ridgway.

Editor New York Journal: Centre Moriches, Sept. 27.

The State Committee should fill the vacancy at once with a candidate who stands squarely on the Democratic platform. Such a one is James W. Ridgway, who was about the first prominent Democrat in this State to announce himself for Bryan and free silver. Ridgway's name would mean thousands of votes for the Democratic ticket in Kings, Queens and Suffolk counties.

JOHN L. HAVENS, Chairman Suffolk County Democratic Committee.

Yates Wants a Silver Man.

Editor New York Journal: Pen Yan, Sept. 27.

The fact that Thacher has declined to accept the nomination for Governor seems to meet with general satisfaction here, not because it is Thacher, but because he was not for free silver. Give us a good free silver man to vote for for Governor and it will give us courage all along the line.

WILLIAM HOLLOWAY, Chairman Yates County Democratic Committee.

Masses Want a Silver Man.

Editor New York Journal: Granville, Sept. 27.

There can be no doubt but that a vast majority of the Democrats of this State are in favor of the free coinage of silver, and they should not be deprived of the privilege of voting for a candidate whose views on this

question are in accord with their own. It now looks as if Porter would be the nominee.

JOHN GILROY, Chairman of the Washington County Democratic Committee.

Long Islanders Want Gaynor.

Editor New York Journal: Babylon, Sept. 27.

I am glad that Thacher is off the ticket. His withdrawal has greatly improved the situation. Replies I have received from First District delegates to the Buffalo Convention to letters asking them who, in their judgment, would be the best man to take Thacher's place indicate a preference for Justice Gaynor, in which I heartily concur.

WILLARD P. REID, Member State Committee.

People Gail for Sulzer.

Editor New York Journal: Brooklyn, Sept. 27.

The people of the State demand that Mr. Sulzer be placed at the head of the Democratic State ticket to lead the fight. He represents the issues involved in this campaign more than any other man in the State. The people call on him to take up the standard for Bryan and Sewall. If he can be induced to lead the fight we can carry the State of New York and victory is assured.

PETER H. McNULTY, State Senator.

Must Not Endorse Griffin.

Editor New York Journal: Amsterdam, Sept. 27.

I believe the State is not necessarily lost to the Democracy nor our chances of success hopeless. Only for the machinations and schemes of our erstwhile leaders and their fanatic selfishness and lust for control and endeavor to thwart the will of the great majority of our party this State would have given a handsome majority for Bryan and Sewall. Porter looks to me to be the logical and proper nominee. Endorsement of Griffin would be suicidal.

H. V. BURKE, Ex-Chairman Montgomery County Democratic Committee.

Silver Candidate Would Win.

Editor New York Journal: Cuba Depot, Sept. 27.

The sentiment in Western New York is strong for silver, therefore the people were much disappointed with the nomination of John Boyd Thacher. His withdrawal as a candidate is consequently favorably received by Democrats generally. The nomination of William Sulzer would meet with hearty approval. His declaration immediately after the nomination of Bryan and Sewall, offering his support to the national ticket, gained for him innumerable friends. He is without doubt the people's choice, as was demonstrated at the Buffalo convention, although the nomination went to another on account of some leaders believing Mr. Thacher's position on the financial question would keep a third ticket out of the field. There are not over 30,000 gold Democrats in the State. If the Democratic State Committee select an out-and-out silver man, the Populist vote, which is about 45,000, would probably be cast for the silver candidate, which would more than offset the gold vote, and, as the State is naturally Democratic, the chances for victory are excellent.

P. J. QUINN, Member State Committee.

Truman Favors Cummings.

Editor New York Journal: Binghamton, Sept. 27.

I am not able to say who will be the choice of the State Committee. My personal preference is for Amos J. Cummings.

J. C. TRUMAN, Chairman Democratic State Executive Committee.

AN EMINENT PHYSICIAN

Says Women Are Not Truthful---Will Lie to Their Physicians.

THIS STATEMENT SHOULD BE QUALIFIED

Women Do Tell the Truth, but Not the Whole Truth, to a Male Physician, but Do Tell the Truth, and the Whole Truth, to Mrs. Pinkham---Mrs. Jane Keener Has Something to Say on the Subject.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when those questions are asked by her family physician. This is the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham at Lynn, Mass. To her they can enter into every detail of their illness, so that even through correspondence Mrs. Pinkham can treat her patients more intelligently than the local physician.

It is this fact alone which has caused the tremendous line of correspondence, which is ever increasing, between Mrs. Pinkham and women who are sick, and it was from this fact also that Mrs. Pinkham has a wider experience and greater knowledge of the treatment of female ills than any practicing physician in the world. The greatest practitioner can at the most have less than 100 cases to which he can give his personal attention, while more than fifty thousand cases have been handled by Mrs. Pinkham during the last six months.

Years ago women had no such recourse, and in consequence many of them dragged out a miserable existence; charlatans practised on their ignorance and fears, extorted money from them and effected few cures.

Nowadays women may ask advice of a woman who understands woman's ills, and the fact that this great boon

question are in accord with their own. It now looks as if Porter would be the nominee.

JOHN GILROY, Chairman of the Washington County Democratic Committee.

Long Islanders Want Gaynor.
